

Save money, time and effort with Monitoring, Maintenance & Security Solutions from Clear Image

Remote Monitoring • TotalCare Maintenance • CCTV / IP Systems • Access Control • ANPR • Perimeter Security
Intruder Detection • Fire Systems • Energy Saving Solutions • Electrical Installations • Electrical Testing • PAT

Established since 1997, the Clear Image Group is dedicated to providing Monitoring, Maintenance & Security solutions to help our customers save money, time and effort.

Our aim is simple. We want to make your business life easier, maximise your investment and protect your people, premises and assets.

With our own in-house remote monitoring facility and team of directly-employed engineers and electricians backed up by our dedicated 24x7 Service Centre, we have the expertise and resources to deliver innovative, value-for-money solutions with a level of service second-to-none, wherever you are.

We set great importance in understanding your needs and providing individually tailored solutions that meet your requirements.

Our commitment to innovation has earned us numerous industry awards and the recognition of leading technology partners and manufacturers.

Most of all though, it is our relationships with our customers that matter most. We are proud to serve a diverse range of businesses and organisations across the UK – from stately homes to shopping centres, and pretty much everything in between. All have one thing in common: demanding monitoring, maintenance and security requirements, focus on value-for-money, and exacting customer service needs.
