Sadly, headlines like these are becoming all too common.

Protect yourself and your staff
with **Guardian from Clear Image.**

"Guardian provides peace of mind. It's a great deterrent and I feel safer knowing that there's always someone watching my back when I'm working in the shop."

Guardian is a unique, low-cost worker protection solution designed specifically for the retail environment, combining state-of-the-art CCTV surveillance with two-way audio, real-time remote monitoring and live, proactive response. Specially trained operators can SEE and HEAR what is happening in the store, warn off threats, alert help and support staff.
